Hallway | FRL® wall panels provide high impact protection 13 times higher than rigid vinyl and substantially lower smoke and flame spread than other competitive products. With a wide range of colors available, you can also expand your creative vision with our in-house custom digital graphics. Ideal for wall murals, feature walls, headwalls, wayfinding and elevator cabs.

Panolam is committed to preserving our environment and enhancing the quality of life in the communities we serve. We continue to work for greater awareness about the environment and the importance of responsible building practices among our employees, customers and suppliers. All colors and designs are available as FSC® certified products.

SURFACE SOLUTIONS FOR
Healthcare Environments

The Pionite Surface Systems story
How it all works together:
Multiple Surfaces. One System.
Our goal is to help bring your vision to reality without compromise. As your full surface solution provider, we are here to help navigate the many choices and substrate options available to help you achieve your desired aesthetic, performance and budgetary attributes for every project.

At Pionite, we understand the positive impact good design has both mentally and physically. A well-designed space can reduce stress, improve our well-being and help expedite the healing process. However, creating a comfortable, patient-oriented environment that is equally efficient as it is appealing is one of the key challenges in today's healthcare industry. That challenge is what motivates us to create the most relevant and forward-conscious color palettes and designs offered to help fulfill your vision for the project at hand.

The Healthcare Collection is a mix of traditional, transitional and contemporary designs with a blend of calming solids, abstracts, woodgrains and digital styles. They create a harmonious palette of surfacing options to allow design flexibility to help you achieve your vision.

Pionite brand of high pressure laminates caters to traditional tastes with an eye towards versatility. With over 230 patterns/colors plus a digital library and custom capabilities, our products are engineered to bring your vision to life by offering:

- Ease of maintenance
- Resistant to bacteria
- Impact resistance
- Resistance to scuffing and marring
- Durable
- Chemical resistance
- Class A flammability rating for many products

In virtually every area of today’s healthcare facilities, Pionite has a surfacing solution to meet or exceed your requirements.

Patient Room: You can coordinate our HPL, TFL and FRL to create a calming, patient-oriented environment while assuring easy maintenance, functionality and long lasting performance.

- **HPL (High Pressure Laminate)**
  - Offers our most versatile surface which is strong and durable, yet flexible and easy to fabricate. It makes an excellent choice for a range of service horizontal and vertical applications where an attractive, anti-microbial, surface solution is required.
- **FRL® (Fire Rated) Wall Protection Panels**
  - Uses fire rated, proprietary fiberglass technology to fortify wall panels against impact or excessive wear and tear. It is ideal for use in high traffic environments that need to be aesthetically pleasing and easy to maintain.
- **TFL (Thermally Fused Laminate)**
  - Coordinates with our HPL, offering trend-forward designs while delivering unparalleled durability and savings you deserve.
- **ChemGuard HPL**
  - Provides the decorative features of our stylish high pressure laminates with chemical resistant properties that protect against acids and other caustic compounds.
- **ThickLam™ HPL**
  - Designed for applications where the decorative surface must contribute to the structural stability of the finished assembly and available with decorative paper on one or both sides.
- **Fire Rated HPL**
  - Offers the broad range and performance features as our standard laminates with added protection against combustion and smoke.
- **FRP (Fiberglass Reinforced Plastic)**
  - Resists impact and wear, essential for composite material that is a sleek surface for high-use commercial settings and service areas.
- **Marker Board**
  - Provides a nonabsorbent, dry erase compatible surface suitable for a variety of applications in hospitals, desks, conference rooms and more.

In virtually every area of today’s healthcare facilities, Pionite has a surfacing solution to meet or exceed your requirements.
