

FRL®

Wall Protection Panels

A decorative solution to your ballistic needs...

Panolam Surface Systems' FRL® Wall Protection Panels are the ideal wall panel for high-traffic environments that need to be aesthetically pleasing and easy to maintain. Since 2005, these panels have given long-lasting durability, along with unrivaled ease of application and job-site workability.

Armortex®, a specialty manufacturer of bullet resistant and blast protection products, has been fabricating architectural ballistic fiberglass panels, windows, doors and transaction accessories for over 30 years.

Together, these products provide the ultimate in decorative wall and door protection. Easy to install, FRL can be bonded directly to Armortex ballistic panels in a standard installation.

BENEFITS

FRL Wall Protection Panels:
