Adhesives – We have tested available adhesives and found that the best option is Franklin #4319 Titebond GREENchoice™ Advanced Polymer Panel Adhesive. This trowelable mastic allows for repositioning of panels and meets Green Seal GS-36, LEED, SCAQMD, CARB and NAHB Green Building specifications.

Hexane free contact glue is also approved.

FRP Accessories

Trim – Panolam FRP offers a variety of color matched seam and molding treatments to complete your installation. Color coordinated PVC trim ensures your FRP wall panels offer either a monochromatic look or serve as a decorative accent color. Available in 8', 10' and 12' lengths; custom lengths and profiles available.

PVC Molding is available and inventoried in all FRP colors and in 8', 10' and 12' lengths.
